Alternatively, a fish swimming in your dream may symbolize conception. Some women dream of swimming fish when they get pregnant. The fish is also an ancient symbol of Christianity and Christian beliefs. Consider the common phrases "like a cold fish", "fish out of water" or something that is "fishy" about a situation. It may also imply a slippery or elusive situation. Perhaps your dream could be telling you that "there are plenty of other fish in the sea", with regards to some relationship issue. To dream that you are eating fish symbolizes your beliefs, spirituality, luck, energy and nourishment. It is food for the soul. To dream of cooking fish indicates that you are incorporating your new realizations with your spiritual feelings and knowledge. If you are cleaning fish, then it suggests that

you are altering your emotional expression in a way that will be presentable to others. You are censoring yourself and not expressing how you completely feel. To dream that an unusually large fish is attacking you suggests that you are avoiding some emotional issue that is growing into a huge problem. You are suppressing too much of your feelings that it is affecting your well-being. To see a dead fish signifies disappointment and loss of power/wealth. To dream that a small fish is attacking a bigger fish implies that you should not underestimate someone's ability because of their size. Consider whether you sympathize with the small fish or with the big fish for further significance of your dream. To see fish bones in your dream refers to old insights, thoughts or views that have already been brought to light. You have processed these ideas and gained knowledge from it.

Salam, she had a baby.4 months ago. Prior to having the baby especially in last 2 months,of pregnancy she kept seeing dead relatives ie naani and chacha. She gave some gloves to naani.as it was cold. Generalky speaking she sees funerals graveyards etc. She is ill since last 4 months with bowel and,body inflammation.Last week she had a dream. In it we both were in a graveyard at nite time.and 3 dogs were barking at us (mix colours ir brown.etc)and started to chase us. she said we both ran, but then a black dog came and bit her on the hand. She said she felt the bite pain and got scared but cant remember any blood. She also.had another dream where she had her arm in some water ie small pond etc and a fish bit her on the arm, inside of elbow joint. And she.could feel.the.fish nigglng away at her arm. She woke.up.and her arm.was still.nigglng as tho the fish was still attached. Could you know why.she is.dreaming these? Please shed some light on it. Jazakallah.

Assalamu Aleikum dear brothers,

May Allah bless you for your great work!

My name is Karim and i am from Germany, i have a brother who discovered this miracle Subhanallah. I have seen it with my eyes it is not a joke or something like that.

If you have the possibility please put in your wonderful site.

Here is the Link of this new miracle: <http://www.ayatallah.fr.vu/>

May Allah accept our deeds as deeds on His way, and forgive us our offence.

Surat 41/53 We will show them Our Signs in the universe, and in their ownelves, until it becomes manifest to them that this (the Qur'ân) is the truth. Is it not sufficient in regard to your Lord that He is a Witness over all things?

Sourate 6/21 And who does more wrong than he who invents a lie against Allâh or rejects His Ayât (proofs, evidences, verses, lessons, revelations, etc.)? Verily, theZâlimûn (polytheists and wrongdoers, etc.) shall never be successful.

Wassalamu aleikum

Comments: No comment on your booklet....just a few comments on the "Great Game" - blogs for your review and amusement - at www.reficulnias.org Sunday March 23rd 2008 - links page 5 Years Ago: Why Was Public So Misinformed on Facts Leading to War? --- http://www.editorandpublisher.com/eandp/news/article_display.jsp?vnu_content_id=1003729354 Must Read - A quote...."NEW YORK Five years ago today, as the U.S invasion of Iraq continued in its early stages, E&P published an article by Ari Berman, then an intern here, that examined the public attitudes on the eve of the war. He probed polls that found, on the most basic point, that roughly 2 out of 3 Americans backed an assault on Iraq. -- But the attitudes driving those numbers raised serious issues about a misinformed public and the media's role. He found that a startlingly high percentage falsely believed that Saddam helped plan the 9/11 attacks or Iraqi hijackers were involved that day, and that Iraqi WMD had already been found." And the American public will believe the exact same sort of lies when the US attacks Iran. Stupid, retarded, imbecilic, drooling morons are words that come to mind when reading this article, but they are still totally inadequate to describe most American's complete lack of mental competence regarding issues of foreign policy. You will notice that the phrase "most American's" was used,

that's because twenty to thirty percent of this nation's population were, and still are, perfectly aware that these were lies to begin with, they were perfectly aware that 9/11 was arranged by their own government, that Iraq was not responsible for 9/11, that Iraq had no WMD's, and that Saddam did not support al Qaida in any way, shape or form. They also happen to know which side of their bread is buttered on, and like most "true adults" they're not about to endanger their life styles, or inconvenience themselves in any way, for a bunch of Mid-East "rag heads"....or for that matter a bunch of stupid New Yorkers. They are perfectly content to have millions of people suffer agonizing deaths as long as they don't have to see, hear or read about it. Something the "mass-media" in this country has been perfectly well aware of for quite some time. These "Americans" (a.k.a. Neo-Romans) KNOW how to play the "Great Game", know how to practice plausible deniability (even if it's no longer plausible) and know how to keep themselves comfortable -- and comfortably unaware. In the end, it is all that will ever really matter to them. - mpg ===== Fast and Loose With the Facts --- were lived, from the bottom up." =====

I have found some mistake in point 81. "to read horoscopes is allowed" is written instead of 'not' allowed. and also the print is too small to view clearly May Allah bless you for your effort. Dear brother,

Thank you for the Qur-an soft copy and all the information regarding various translations. Jazakallah. However, I consider the other file "Photos of Islamic Miracle" a bogus and manipulated. Don't believe in such things.

Fyza Karattiyattil

Assalamu Aliekum wr wb,

All dear brothers and Sisters,

Hope that you all may be in the best of faith and health. Please try to confirm the right copy of Holy Quraan. As it is observed that in the website of Dr Umer there are much errors in the Soft copy of Holy Quraan. So please and please when ever you get a copy you should check its trueness from a Hafiz Quraan or Qari Quraan.

Jazaka Allah

NB When I challenged Khurram to tell me what those errors are, he did not reply!
